Building relationships wherever we go

Mission Statement

To build relationships with our area neighbors who have urgent needs.

Goal: To create a team within CCPC to provide emergency services on a short-term basis to meet the immediate physical needs of non CCPC members resulting from unforeseen circumstances. This may include the use of church facilities for shelter, food bathrooms and showers. We plan to complement, but not duplicate, services available from other government and non-government entities in the community.

Function:

- authorized by Session and Mission & Outreach Committee
- provide goods and services with short term funding from CCPC as may be required.
- use of church facilities coordinated with the Security Committee and the Property & Maintenance Committee

Team of only CCPC members:

- interested in these outreach efforts
- with a variety of talents and resources
- willing to devote time on short notice to meet the needs of people in the communities surrounding our church

Tasks:

- needs resulting from disasters tornadoes, floods, fires, extreme weather, power outages and water shortages.
- coordinating with local religious organizations, first responders, cities and non-government organizations.
- supporting local fire, police and emergency management called to provide needed services because of disasters
